RE: Case No. 108-47352 (DEM)

We the Undersigned are creditors in the above referenced case.

We have been advised that at a hearing on July 23, 2009 your honor inquired as to whether there was any activity amongst the creditors to seek alternative solutions to selling the bankruptcy estate property in Auction. We believe that such an auction would seriously harm our financial interest and have already had a large informal creditors meeting to discuss such alternatives and to organize a formal creditors committee. We believe that we represent a sufficient portion of the creditors to meet the requirements for recognition by the court.

Sincerely,
